Project Number: 230202

*Workshop: Entrepreneurship in the Development
of Software Products*

Students: Nir Timor, Arad Pe'er, Omer Pessach

Moderator: Dror Margalit

OVERVIEW

A lot of people seek to travel in a group but find it difficult to get the right partners.

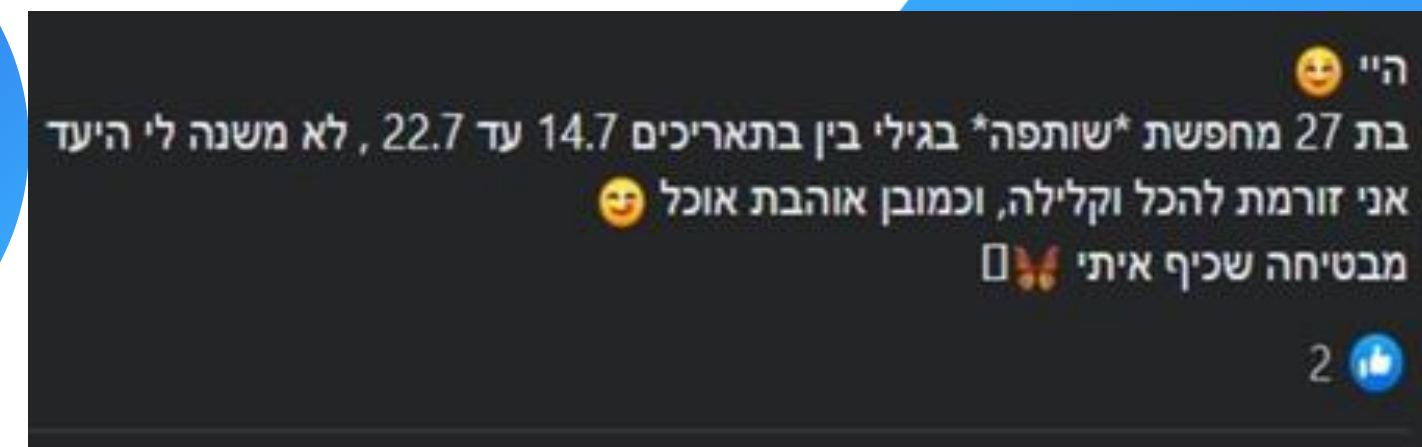

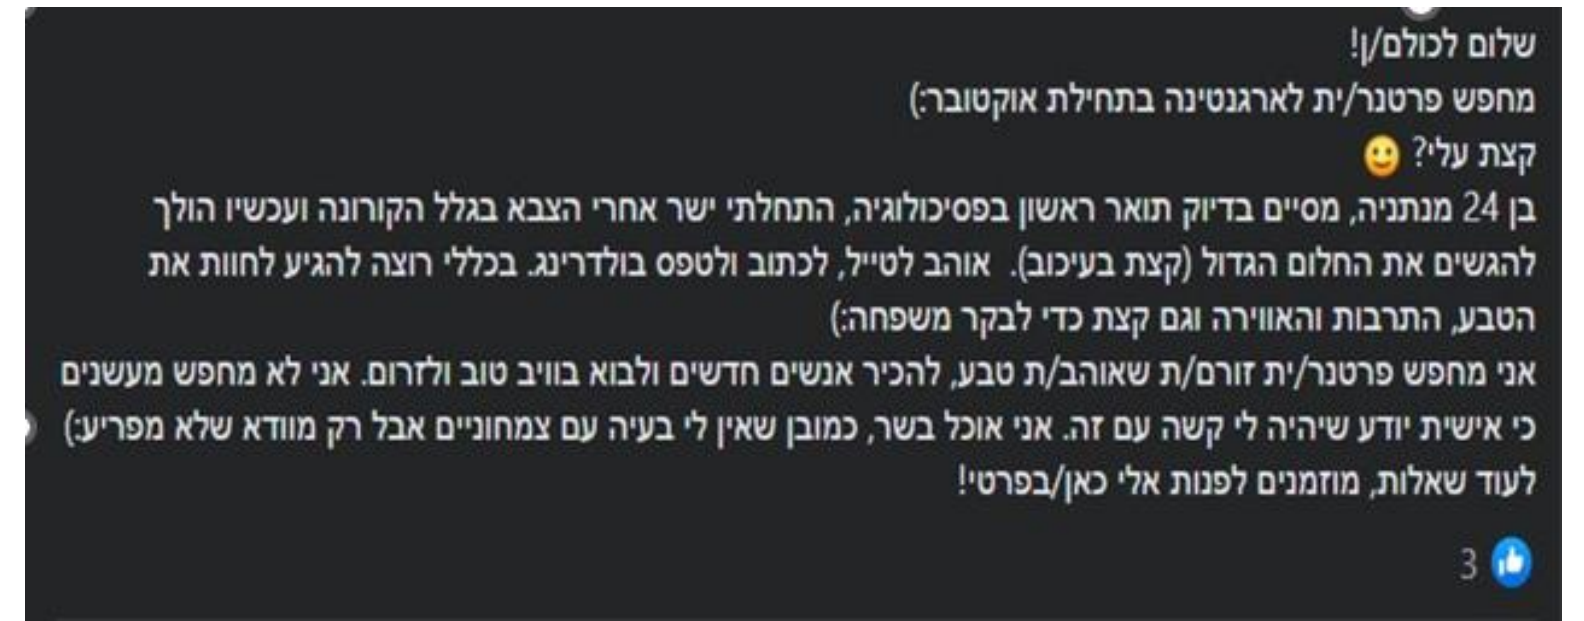

In our modern technological world, a digital-social solution is a must.

This is where *LetsGo* comes into the picture.

THE PROBLEM

- Individuals struggle to find like-minded travel buddies.
- Missed opportunities for shared experiences.
- Safety concerns.
- Lack of a dedicated platform.

TARGET MARKET

- Group travelers
- Adventurers
- Solo travelers
- Travel enthusiasts

THE SOLUTION

Centralized Online Platform:

- Search by parameters: shared interests, travel preferences, and destination preferences.
- Interaction: profiles, chat, comments, likes.
- Dedicated platform for finding travel partners.
